FMO-51266

Project Description

According to FMO website, the project aims to fund the development and construction of two 50MW solar PV plants. It provides an additional source of clean, renewable energy to India. India currently has a demand for electricity that exceeds its reliable generation capacity, resulting in frequent power outages. Furthermore, much of India's current power is supplied by (imported) coal.

ACCOUNTABILITY MECHANISM OF FMO

Communities who believe they will be negatively affected by a project funded by the Dutch Development Bank (FMO) may be able to file a complaint with the Independent Complaints Mechanism, which is the joint independent accountability mechanism of the Dutch Development Bank (FMO) and the German Investment Corporation (KfW). A complaint can be filed in writing, by email, post, or online. The complaint can be filed in English or any other language of the complainant. The Independent Complaints Mechanism is comprised of a three-member Independent Expert Panel and it can provide either problem-solving, compliance review or both, in either order. Additional information about this accountability mechanism, including a guide and template for filing a complaint, can be found at: https://www.fmo.nl/independent-complaints-mechanism
