## Project Description

Eco.business II Sub-Fund ("EBF II") is an open ended debt fund that aims to promote ecologically sustainable businesses, with a special focus on fighting deforestation in Sub-Saharan Africa, through the provision of dedicated financing and technical assistance. FMO's investment in EBF II will contribute to biodiversity conservation and sustainable use of natural resources, which is directly in line with SDG 13. Being one of the first investors, FMO's stamp of approval is expected to attract additional investors to the Fund.

The fund seeks to lend to local financial institutions that target sustainable businesses/projects (i.e. certified or identified as green). In addition, the Fund looks to set up strategic partnerships with commodity buyers to finance smallholders and also to finance high impact projects directly. Priority sectors will be sustainable agriculture, fishery, forestry and tourism.
