Borrower	The Eastern and Southern African Trade and Development Bank
Sectors	Finance
Ring Fence	Trade Finance
Investment Type(s)	Loan
Investment Amount (USD)	\$ 43.10 million

Project Description

The Eastern and Southern African Trade and Development Bank (TDB), previously PTA Bank, is a specialized African regional financial institution established in 1985 that provides short, medium and long-term financing across a wide set of sectors to both private and public-sector clients, on sustainable and commercial principles. FMO is funding the Framework Facility which is intended to be used to fund individual commercial transactions between Dutch exporters and local African importers. TDB Bank will on-lend the funds to the local importers. The rationale for establishing a Framework Agreement is that it provides FMO NL Business with the possibility to also execute smaller transactions in a cost effective and time efficient way as terms and documentation for the underlying Individual Transactions will be standardized upfront.

Investment Description

- Netherlands Development Finance Company (FMO)

Financial Intermediary

Financial Intermediary: A commercial bank or financial institution that receives funds from a development bank. A financial intermediary then lends these funds to their clients (private actors) in the form of loans, bonds, guarantees and equity shares. Financial intermediaries include insurance, pension and equity funds. The direct financial relationship is between the development bank and the financial intermediary.

ACCESS TO INFORMATION

As part of FMO's ex-ante disclosure (disclosure of transactions before contracting), you can send requests or questions for additional information to: disclosure@fmo.nl

ACCOUNTABILITY MECHANISM OF FMO

Communities who believe they will be negatively affected by a project funded by the Dutch Development Bank (FMO) may be able to file a complaint with the Independent Complaints Mechanism, which is the joint independent accountability mechanism of the Dutch Development Bank (FMO) and the German Investment Corporation (KfW). A complaint can be filed in writing, by email, post, or online. The complaint can be filed in English or any other language of the complainant. The Independent Complaints Mechanism is comprised of a three-member Independent Expert Panel and it can provide either problem-solving, compliance review or both, in either order. Additional information about this accountability mechanism, including a guide and template for filing a complaint, can be found at: <https://www.fmo.nl/independent-complaints-mechanism>
