Project Description

The key objectives of the CD project are the planning and preparation of an Action Plan for the resettlement of project affected persons and the restoration of their livelihoods in accordance with the sustainability standards of FMO and RVO, and the IFC Performance Standards. The cross-cutting objectives of this project will be, on the one hand, the strengthening of the capacity of the Ministry of Public Works in Guinea in terms of resettlement and livelihood restoration, and on the other hand, the development of the RAP strategy.

The project focuses on improving critical infrastructure with the aim of supporting economic development and private sector growth in Guinea, a low-income country.

ACCOUNTABILITY MECHANISM OF FMO

Communities who believe they will be negatively affected by a project funded by the Dutch Development Bank (FMO) may be able to file a complaint with the Independent Complaints Mechanism, which is the joint independent accountability mechanism of the Dutch Development Bank (FMO) and the German Investment Corporation (KfW) . A complaint can be filed in writing, by email, post, or online. The complaint can be filed in English or any other language of the complainant. The Independent Complaints Mechanism is comprised of a three-member Independent Expert Panel and it can provide either problem-solving, compliance review or both, in either order. Additional information about this accountability mechanism, including a guide and template for filing a complaint, can be found at: https://www.fmo.nl/independent-complaints-mechanism
