## Project Description

Alliance de Credit et d'Epargne pour la Production ("ACEP") Burkina Faso ("BF") is a young microfinance institution providing financial products and services customised for mainly micro-entrepreneurs and SMEs whose needs are not covered by commercial banks given their informal nature.

The EUR 3 mln loan facility to ACEP BF will support on-lending to MSMEs in one of the Least Developed Countries, hence aligning with FMO's strategic goal of Reducing Inequalities for the entire amount of the facility. The transaction is a new client for FMO and will also be the first FI-AF loan in Burkina Faso, it fits with FI-AF's strategy to reinforce its presence in francophone Africa.
