Project Description

The project objective is to finance the company's planting area expansion and building its processing capacity. Miro is one of the largest forestry plantation companies in West Africa, with currently 10,000 ha planted. Miro develops and manages high quality, cost-competitive, FSC certified, fast growing industrial timber species (mainly: eucalyptus/acacia) and is in the process of setting up the respective downstream production facilities and market entries to capture the maximum value of the wood grown.
