Project Description

Since this project was initially disclosed on the FMO website, project information is no longer available.

This project will provide additional financial resources to EDFI Management Company ("EDFI MC) to strengthen its shareholder base. EDFI MC is a specialized asset management company and a subsidiary of the Association of European Development Finance Institutions. The public mission of EDFI MC is to support market development in low- and middle-income countries and to contribute to the Sustainable Development Goals. EDFI MC focuses on business models, technologies and geographies where European DFI members are not able to operate at the desired scale given their resources and investment criteria. It accepts higher transaction costs and greater risks to enable other investors to deploy capital that they could not have invested otherwise.

ACCOUNTABILITY MECHANISM OF FMO

Communities who believe they will be negatively affected by a project funded by the Dutch Development Bank (FMO) may be able to file a complaint with the Independent Complaints Mechanism, which is the joint independent accountability mechanism of the Dutch Development Bank (FMO) and the German Investment Corporation (KfW). A complaint can be filed in writing, by email, post, or online. The complaint can be filed in English or any other language of the complainant. The Independent Complaints Mechanism is comprised of a three-member Independent Expert Panel and it can provide either problem-solving, compliance review or both, in either order. Additional information about this accountability mechanism, including a guide and template for filing a complaint, can be found at: https://www.fmo.nl/independent-complaints-mechanism
