Project Description

The main objective of the project is to ensure that quality data from unconnected countries and places, related to the COVID-19 pandemic, with knowledge institutions in the lead, are made available to the local Ministries of Health, their Taskforces and public and private stakeholders in the health sector. A wide range of stakeholders could be included, depending on the country context, such as health boards, surveillance and research institutions, NGOs and medicine /equipment supply companies. Data quality is assured through the application of the FAIR data principles.

Cordaid Foundation, being part of a consortium that also includes the GO FAIR Foundation and Philips Foundation.

Investment Description

- Netherlands Development Finance Company (FMO)

ACCESS TO INFORMATION

As part of FMO's ex-ante disclosure (disclosure of transactions before contracting), you can send requests or questions for additional information to: disclosure@fmo.nl

ACCOUNTABILITY MECHANISM OF FMO

Communities who believe they will be negatively affected by a project funded by the Dutch Development Bank (FMO) may be able to file a complaint with the Independent Complaints Mechanism, which is the joint independent accountability mechanism of the Dutch Development Bank (FMO) and the German Investment Corporation (KfW). A complaint can be filed in writing, by email, post, or online. The complaint can be filed in English or any other language of the complainant. The Independent Complaints Mechanism is comprised of a three-member Independent Expert Panel and it can provide either problem-solving, compliance review or both, in either order. Additional information about this accountability mechanism, including a guide and template for filing a complaint, can be found at: https://www.fmo.nl/independent-complaints-mechanism
