Project Description

According to bank website, Proximity Finance Microfinance Company Limited is Myanmar's first farmer-focused finance institution. We offer a suite of innovative financial products tailored to the needs of rural families, and currently serve over 122,000 smallholder farmers. The organization is wholly owned by Proximity Designs, an award-winning social enterprise with over 15 years of experience achieving social impact in rural Myanmar.

To support Proximity Finance implementing a mobile money payments system to build the foundations for a fully digitized disbursement and collection process. With the onset of COVID-19, Proximity needs to move fast to ensure they can establish contactless distribution channels to reach their customers at this critical time.

Investment Description

- Netherlands Development Finance Company (FMO)

Financial Intermediary

Financial Intermediary: A commercial bank or financial institution that receives funds from a development bank. A financial intermediary then lends these funds to their clients (private actors) in the form of loans, bonds, guarantees and equity shares. Financial intermediaries include insurance, pension and equity funds. The direct financial relationship is between the development bank and the financial intermediary.
