## Project Description

FMO's client is Mercon, a Coffee Trader active in Africa, Latin America and Asia. FMO supports a supply chain risk analysis for three different sourcing countries focused on E&S risks in the supply chain. FMO supports this project as it values Mercon's objective of getting more transparency on its supply chain and thus can serve as an example for other traders.

### ACCOUNTABILITY MECHANISM OF FMO

Communities who believe they will be negatively affected by a project funded by the Dutch Development Bank (FMO) may be able to file a complaint with the Independent Complaints Mechanism, which is the joint independent accountability mechanism of the Dutch Development Bank (FMO) and the German Investment Corporation (KfW). A complaint can be filed in writing, by email, post, or online. The complaint can be filed in English or any other language of the complainant. The Independent Complaints Mechanism is comprised of a three-member Independent Expert Panel and it can provide either problem-solving, compliance review or both, in either order. Additional information about this accountability mechanism, including a guide and template for filing a complaint, can be found at: <https://www.fmo.nl/independent-complaints-mechanism>
