Project Description

FMO's loan will be provided as a B-loan within a syndicated IFC facility allocated to multiple subsidiaries of Platcorp Holdings Limited. FMO's participation will be dedicated specifically to Premier Credit Kenya with the funds to be used for on-lending to micro and small enterprises, supporting Premier Credit Kenya to further grow its MSME portfolio.

The proposed facility provides an opportunity for FMO to support one of the top microfinance institutions in Kenya to increase its MSME lending activities with a particular focus on women-owned and agricultural MSMEs. As a non-deposit taking institution, FMO's long-term funding is also providing Premier Credit Kenya with stability and security of funding to enable it to further grow and expand its reach across Kenya.
