## Project Description

According to bank website, TBC Bank is one of the largest privately owned banks in Georgia. TBC Bank is a universal bank and provides a wide range of products to their clients in the corporate, MSME and retail segments. The parent of TBC Bank is listed on the Premium Segment of the London Stock Exchange.

With this Georgian Lari-loan, FMO supports the natural growth of the Bank's overall loan portfolio in local currency. It also contributes to minimize the forex risk for TBC-bank's end clients thereby directly contributing to the de-dollarization of Georgia's economy.
