FMO-61833

Quick Facts

Financial Institutions	Netherlands Development Finance Company (FMO)
Status	Approved
Bank Risk Rating	U
Sectors	Climate and Environment
Investment Type(s)	Loan
Investment Amount (USD)	$ 0.18 million

Project Description

According to FMO documents:

> Our customer is the JIM Foundation which will provide technical assistance, (including training and capacity support) to FMO clients as part of the first pilot on impact measurement and reporting specifically on economic development via jobs and GHG emissions.
>
> The funding objective is: 1) To bring comparability, accountability, transparency and thought leadership to the financial industry, starting with our clients, by measuring key impact indicators in a harmonized way (economic development via jobs created and GHG emissions). 2) Support our clients to set up and properly measure and report on the above-mentioned key indicators using aligned methodology.

As part of FMO's ex-ante disclosure (disclosure of transactions before contracting), you can send requests or questions for additional information to: disclosure@fmo.nl

ACCOUNTABILITY MECHANISM OF FMO

Communities who believe they will be negatively affected by a project funded by the Dutch Development Bank (FMO) may be able to file a complaint with the Independent Complaints Mechanism, which is the joint independent accountability mechanism of the Dutch Development Bank (FMO) and the German Investment Corporation (KfW). A complaint can be filed in writing, by email, post, or online. The complaint can be filed in English or any other language of the complainant. The Independent Complaints Mechanism is comprised of a three-member Independent Expert Panel and it can provide either problem-solving, compliance review or both, in either order. Additional information about this accountability mechanism, including a guide and template for filing a complaint, can be found at: https://www.fmo.nl/independent-complaints-mechanism
