Project Description

As stated by the FMO, GreenYellow Smart Solutions is a SPV that belongs to Green Yellow Group, a developer of multiple rooftop solar photovoltaic installations located on the premises of large commercial and industrial consumers throughout Viet Nam. The electricity generated will be sold to a diversified group of offtakers.

The proposed debt package is dedicated to the funding of rooftop solar projects with an aggregated power capacity of up to 32.4 MWp.

The distributed generation nature of rooftop solar will improve the reliability of power supply and reduce Vietnam's reliance on its fossil-fuel based generation capacity.

ACCOUNTABILITY MECHANISM OF FMO

Communities who believe they will be negatively affected by a project funded by the Dutch Development Bank (FMO) may be able to file a complaint with the Independent Complaints Mechanism, which is the joint independent accountability mechanism of the Dutch Development Bank (FMO) and the German Investment Corporation (KfW). A complaint can be filed in writing, by email, post, or online. The complaint can be filed in English or any other language of the complainant. The Independent Complaints Mechanism is comprised of a three-member Independent Expert Panel and it can provide either problem-solving, compliance review or both, in either order. Additional information about this accountability mechanism, including a guide and template for filing a complaint, can be found at: <https://www.fmo.nl/independent-complaints-mechanism>
