Project Description

According to the Bank's website, FMO's funding will contribute to a technical assistance (TA) facility for IIAF II, to support its portfolio companies (SMEs). This facility will provide external advisory services to 1) reduce portfolio companies' risk profile via business model optimization 2) improve portfolio companies' likelihood of success and revenue via effectively managing core business activities, and 3) scale portfolio companies' impact and serve underserved populations, including low-income and hard-to-reach groups as well as women.

This Technical Assistance (TA) targets SMEs in Cambodia (LDC), India, and Pakistan (LMICs), serving low-income consumers. This aligns well with FMO's focus to support the private sector in these countries, contributing to SDG 8 (economic growth). The project also aligns with FMO's aim to contribute to SDG 10 (reducing inequalities amongst and within countries). MASSIF funds this project due to its focus on enhancing access to basic goods and services for underserved populations in LDCs and LMICs.

Investment Description

- Netherlands Development Finance Company (FMO)

FMO's funding will contribute to a technical assistance (TA) facility for Insitor Impact Asia Fund II.

Private Actors Description

The contracting party is Insitor Partners Pte. Ltd., the Fund Management entity of Insitor Impact Asia Fund II ("IIAF II" or "the Fund"). The beneficiaries will be the portfolio companies of IIAF II, a sector-agnostic Private Equity fund targeting investments in high-growth and scalable businesses active in Cambodia, India, and Pakistan. The Fund exclusively invests in companies providing solutions to low-income households along the main investment themes of better health, sustainable living, and economic growth.

ACCOUNTABILITY MECHANISM OF FMO

Communities who believe they will be negatively affected by a project funded by the Dutch Development Bank (FMO) may be able to file a complaint with the Independent Complaints Mechanism, which is the joint independent accountability mechanism of the Dutch Development Bank (FMO) and the German Investment Corporation (KfW). A complaint can be filed in writing, by email, post, or online. The complaint can be filed in English or any other language of the complainant. The Independent Complaints Mechanism is comprised of a three-member Independent Expert Panel and it can provide either problem-solving, compliance review or both, in either order. Additional information about this accountability mechanism, including a guide and template for filing a complaint, can be found at: <https://www.fmo.nl/independent-complaints-mechanism>
