## Project Description

According to the FMO, the investment of USD 100 million has a committed tranche of USD 50 million and an uncommitted tranche of US 50 million. This investment bolsters Banbif's ongoing efforts in facilitating green initiatives (50% earmarked for financing green projects), aiding agricultural SMEs (30%), and supporting SMEs in general (the remaining 20% of the facility). This strategic allocation aligns with the overarching goals of mitigating climate change impacts and fostering socio-economic equality by addressing key areas of need within the Peruvian economy.

## Investment Description

- Netherlands Development Finance Company (FMO)

## Financial Intermediary

Financial Intermediary: A commercial bank or financial institution that receives funds from a development bank. A financial intermediary then lends these funds to their clients (private actors) in the form of loans, bonds, guarantees and equity shares. Financial intermediaries include insurance, pension and equity funds. The direct financial relationship is between the development bank and the financial intermediary.

### ACCOUNTABILITY MECHANISM OF FMO

Communities who believe they will be negatively affected by a project funded by the Dutch Development Bank (FMO) may be able to file a complaint with the Independent Complaints Mechanism, which is the joint independent accountability mechanism of the Dutch Development Bank (FMO) and the German Investment Corporation (KfW). A complaint can be filed in writing, by email, post, or online. The complaint can be filed in English or any other language of the complainant. The Independent Complaints Mechanism is comprised of a three-member Independent Expert Panel and it can provide either problem-solving, compliance review or both, in either order. Additional information about this accountability mechanism, including a guide and template for filing a complaint, can be found at: <https://www.fmo.nl/independent-complaints-mechanism>
