Project Description

As stated on the project disclosure page, the project consists of a potential USD 18 mln funding from FMO to finance Isik Tarim in relation to their procurements from the contracted farmers within their Happy Village Program. Long term-financing will address the permanent working capital requirements arising from their integrated supply chain and long cash cycle.

The investment is 100% Green Label in view of the organic supply chain of Isik Tarim and 100% Reducing Inequalities Label in view of the Company's support to the contracted farmers with an average land size of 1-10 Ha through its Happy Village Program. Also, FMO financing will enable Isik Tarim to purchase farmers' products in larger quantities and process and export larger volumes, i.e., more economic activity in rural Turkiye through contribution to direct and indirect employment.

Early Warning System Project Analysis

The FMO categorized the project risk as B+.

ACCOUNTABILITY MECHANISM OF FMO

Communities who believe they will be negatively affected by a project funded by the Dutch Development Bank (FMO) may be able to file a complaint with the Independent Complaints Mechanism, which is the joint independent accountability mechanism of the Dutch Development Bank (FMO) and the German Investment Corporation (KfW). A complaint can be filed in writing, by email, post, or online. The complaint can be filed in English or any other language of the complainant. The Independent Complaints Mechanism is comprised of a three-member Independent Expert Panel and it can provide either problem-solving, compliance review or both, in either order. Additional information about this accountability mechanism, including a guide and template for filing a complaint, can be found at: <https://www.fmo.nl/independent-complaints-mechanism>
