Project Description

According to bank provided information, the investment will enable the Company's growth, further developing the online marketplace for fresh produce and inputs, scaling its operations and exploring additional services.

Nile aims to substantially improve the fresh produce value chain, leading to reduced wastage and, ultimately, a more efficient food system.

Investment Description

- Netherlands Development Finance Company (FMO)

Private Actors Description

Nile is a South African B2B e-commerce platform linking commercial farmers to buyers of fresh produce and input suppliers. The Company delivers a convenient, secure, and transparent trading experience in a largely analogous market with significant inefficiencies and wastage. The online marketplace is supported by services on logistics, payments, and insights to enable seamless transactions.

ACCOUNTABILITY MECHANISM OF FMO

Communities who believe they will be negatively affected by a project funded by the Dutch Development Bank (FMO) may be able to file a complaint with the Independent Complaints Mechanism, which is the joint independent accountability mechanism of the Dutch Development Bank (FMO) and the German Investment Corporation (KfW). A complaint can be filed in writing, by email, post, or online. The complaint can be filed in English or any other language of the complainant. The Independent Complaints Mechanism is comprised of a three-member Independent Expert Panel and it can provide either problem-solving, compliance review or both, in either order. Additional information about this accountability mechanism, including a guide and template for filing a complaint, can be found at: <https://www.fmo.nl/independent-complaints-mechanism>
