Project Description

According to the Bank’s website, the funding objective is to provide a USD 100 million senior unsecured 7-year bilateral term loan to Olam Global Agri Pte Ltd and Olam Global Agri Treasury Pte Ltd. The proceeds from this loan are used to finance Olam Agri's working capital requirements for rice trade flows from Thailand, India, and Vietnam to various African countries, including the Ivory Coast, Cameroon, Mozambique, Ghana, Liberia, and Senegal.

The investment in Olam Agri is driven by the company's alignment with strategic goals in the agri-commodities sector, enhancing portfolio diversification and providing stable income. This funding supports food security in African countries, strengthens Olam Agri's sustainability practices, and mobilizes additional resources from risk participation partners, contributing to broader economic development and environmental goals. Additionally, the transaction qualifies for the Reducing Inequalities (RI) label as it enhances access to staple foods in lower-middle and low-income African countries.

Early Warning System Project Analysis

This considers E&S category B+ exposure due to the potential adverse environmental and social (E&S) risks and impacts associated with the business activities, which can be addressed through relevant mitigation measures. Key E&S issues are specifically related to the rice supply chain, next to the processing assets under operational control, and cover, e.g., labour and working conditions (PS-2), biodiversity (PS-6), environmental pollution and resource efficiency (PS-3), occupational and community health and safety (PS-2/4), and community relations and stakeholder engagement (PS-1).

ACCOUNTABILITY MECHANISM OF FMO

Communities who believe they will be negatively affected by a project funded by the Dutch Development Bank (FMO) may be able to file a complaint with the Independent Complaints Mechanism, which is the joint independent accountability mechanism of the Dutch Development Bank (FMO) and the German Investment Corporation (KfW). A complaint can be filed in writing, by email, post, or online. The complaint can be filed in English or any other language of the complainant. The Independent Complaints Mechanism is comprised of a three-member Independent Expert Panel and it can provide either problem-solving, compliance review or both, in either order. Additional information about this accountability mechanism, including a guide and template for filing a complaint, can be found at: https://www.fmo.nl/independent-complaints-mechanism
