Investment Amount (USD)	\$ 49.65 million
Loan Amount (USD)	\$ 49.65 million

Project Description

As stated by the FMO, the financing consists of a USD 50 million (equivalent in INR) corporate facility. The use of proceeds of the loan will go to the development of greenfield renewable energy projects and the refinancing of existing financing attracted for the purpose of greenfield renewable energy projects.

The financing will aim to support the expansion of the renewable energy portfolio of AMPIN. This closely aligns with the strategic objectives of FMO to increase its investment in climate mitigation measures and supports India's target of achieving 500 GW non-fossil fuel capacity by 2030. The financing is labelled 100% Green.

Investment Description

- Netherlands Development Finance Company (FMO)

Private Actors Description

According to the FMO, AMPIN Energy Transition is a leading renewable energy company with a total portfolio of 5 GWp across 23 states in India. Headquartered in New Delhi, with regional offices in Mumbai, Bangalore, and Kolkata, the company is led by a team of seasoned industry professionals and backed by top-tier institutional investors from Europe and Asia. AMPIN provides renewable energy solutions to both Commercial & Industrial (C&I) and utility-scale customers, helping them reduce operating costs while accelerating their sustainability goals. With a balanced and diversified portfolio, the company plays a key role in India's clean energy transition. AMPIN aims to scale its renewable energy capacity to 10 GWp by 2030, reinforcing its commitment to a greener future. In addition to its core renewable energy generation business, AMPIN's energy transition initiatives also include strategic areas such as energy trading, solar cell and module manufacturing, green hydrogen, and energy storage.

ACCESS TO INFORMATION

As part of FMO's ex-ante disclosure (disclosure of transactions before contracting), you can send requests or questions for additional information to: disclosure@fmo.nl

ACCOUNTABILITY MECHANISM OF FMO

Communities who believe they will be negatively affected by a project funded by the Dutch Development Bank (FMO) may be able to file a complaint with the Independent Complaints Mechanism, which is the joint independent accountability mechanism of the Dutch Development Bank (FMO) and the German Investment Corporation (KfW). A complaint can be filed in writing, by email, post, or online. The complaint can be filed in English or any other language of the complainant. The Independent Complaints Mechanism is comprised of a three-member Independent Expert Panel and it can provide either problem-solving, compliance review or both, in either order. Additional information about this accountability mechanism, including a guide and template for filing a complaint, can be found at: <https://www.fmo.nl/independent-complaints-mechanism>
