Investment Amount (USD)	\$ 5.00 million

Project Description

According to the FMO, the project consists of an equity investment has been made to support the Company's operational expenses during its expansion efforts in India, Africa and Latin America.

The investment enables the Company to further expand their procurement and asset management platform used by renewable energy developers to enable and accelerate the deployment of renewable energy. Ultimately, this will reduce reliance on polluting, fossil fuel-based energy, whilst enabling (in particular in Africa) cleaner, more affordable and reliable energy supply.

Investment Description

- Netherlands Development Finance Company (FMO)

As part of FMO's ex-ante disclosure (disclosure of transactions before contracting), you can send requests or questions for additional information to: disclosure@fmo.nl

ACCOUNTABILITY MECHANISM OF FMO

Communities who believe they will be negatively affected by a project funded by the Dutch Development Bank (FMO) may be able to file a complaint with the Independent Complaints Mechanism, which is the joint independent accountability mechanism of the Dutch Development Bank (FMO) and the German Investment Corporation (KfW). A complaint can be filed in writing, by email, post, or online. The complaint can be filed in English or any other language of the complainant. The Independent Complaints Mechanism is comprised of a three-member Independent Expert Panel and it can provide either problem-solving, compliance review or both, in either order. Additional information about this accountability mechanism, including a guide and template for filing a complaint, can be found at: <https://www.fmo.nl/independent-complaints-mechanism>
