## Project Description

Within 5 year, the project aims to strengthen storm and flood protection for coastal communities in Viet Nam through resilient housing, planting and rehabilitation of mangrove forests, and systematized climate risk assessments for the public and private sectors. The project proposes to benefit up to 20,000 people who are exposed to high risk from adverse weather events.

In order to create storm surge buffers, 4,000 hectares of mangroves will be planted and rehabilitated, which will also create sustainable ecosystem resources to support coastal livelihoods. The project will also develop systematized climate and economic risk assessments for private and public sector application in all 28 coastal provinces of Viet Nam.

In sum, the project relies on grant finance as:

- (a) the proposed interventions will benefit vulnerable families identified as poor by the government,
- (b) strengthens natural defenses proving public value and
- (c) does not generate revenue that lends itself to providing reflows to the GCF.

## ACCOUNTABILITY MECHANISM OF GREEN CLIMATE FUND

The Independent Redress Mechanism (IRM) addresses complaints by people who believe they are negatively affected or may be affected by projects or programmes funded by the Green Climate Fund (GCF). The complainant can raise issues related to any of GCF's policies and procedures, including those relating to social and environmental issues, indigenous peoples, gender, and information disclosure, among others. If you submit a complaint to the IRM, it may seek to address the issues raised by facilitating [problem solving or conducting a compliance process](#). You can learn more about the Independent Redress Mechanism and how to file a complaint at <https://irm.greenclimate.fund/>.

You can access a video about the IRM (English) at: <https://youtu.be/1LanbriVhfs>.

A brochure about the IRM can be accessed in English, French, Spanish, Portuguese, Arabic, Mandarin, Mongolian, Vietnamese, Russian, Ukrainian, Korean, German, and Kiswahili at: <https://irm.greenclimate.fund/>.
