Project Description

According to GCF website, the CAMP4ASB Program is a World Bank Group program addressing both adaptation and mitigation support in the Aral Sea Basin. The program builds regional cooperation to the challenges of climate change. GCF investments will contribute to CAMP4ASB by addressing adaptation, initially in Tajikistan and Uzbekistan.

GCF's engagement will allow support for the adoption of climate-smart rural production and landscape management investments through a regional climate investment facility. This will target the poorest and most climate-vulnerable rural communities, benefiting farmers and village in particular. The facility will strengthen climate resilience and food security. Agricultural, land and water management practices will be implemented based on local agro-ecological conditions in order to strengthen climate change resilience. Investments via the facility will be demand-driven, but will include crop diversification, water resource management, rehabilitation of degraded land, conservation agriculture, livestock production improvements, agro-products processing, energy efficiency improvements and expansion of renewable energy sources.

ACCOUNTABILITY MECHANISM OF GREEN CLIMATE FUND

The Independent Redress Mechanism (IRM) addresses complaints by people who believe they are negatively affected or may be affected by projects or programmes funded by the Green Climate Fund (GCF). The complainant can raise issues related to any of GCF's policies and procedures, including those relating to social and environmental issues, indigenous peoples, gender, and information disclosure, among others. If you submit a complaint to the IRM, it may seek to address the issues raised by facilitating [problem solving or conducting a compliance process](#). You can learn more about the Independent Redress Mechanism and how to file a complaint at <https://irm.greenclimate.fund/>.

You can access a video about the IRM (English) at: <https://youtu.be/1LanbriVhfs>.

A brochure about the IRM can be accessed in English, French, Spanish, Portuguese, Arabic, Mandarin, Mongolian, Vietnamese, Russian, Ukrainian, Korean, German, and Kiswahili at: <https://irm.greenclimate.fund/>.
