Pacific Islands Renewable Energy Investment Program

Early Warning System

Pacific Islands Renewable Energy Investment Program

GCF-FP036

Quick Facts

Countries	Cook Islands, Marshall Islands, Micronesia, Nauru, Papua New Guinea, Samoa, Tonga
Financial Institutions	Green Climate Fund (GCF)
Status	Active
Bank Risk Rating	B
Voting Date	2016-12-01
Borrower	Asian Development Bank
Sectors	Energy
Investment Type(s)	Grant
Investment Amount (USD)	$ 17.00 million
Project Cost (USD)	$ 26.00 million

Project Description

The programme will help Small Island Developing States (SIDS) shift from reliance on imported diesel to renewable energy. The project will include feasibility studies on the expansion of renewable energy coverage, power utility management reform and private sector engagement by identifying opportunities for independent power providers. The GCF website states that "The programme will also assist the Cook Islands install battery storage which will help spur private sector investment to pave the way towards Cook Islands' national target of 100 percent renewable energy by 2020."

Investment Description

- Green Climate Fund (GCF)

Co-financing:

Asian Development Bank US$ 5 million (Grant)

Government US$ 4 million (Grant)
