Investment Type(s)	Grant
Investment Amount (USD)\$ 29.10 million	
Grant Amount (USD)	\$ 29.10 million
Project Cost (USD)	\$ 39.60 million

#### **Project Description**

The CATALI.5°T Program aims to implement an acceleration program and a pre-acceleration program in each region (Africa and Latin America), to promote climate ventures.

Acceleration programme: will provide support to 60 (30 in each region) seed-stage climate ventures enabling them to: (i) further develop or validate their products or services; (ii) enhance the success of their products and services through market demonstration, development of growth strategies, partnership development, etc.; and (iii) maximise the climate impact of their products and services through recognised climate change mitigation assessment and, where relevant, assessment and strengthening of climate adaptation co-benefits. This support will take the form of technical and financial assistance (in the form of a repayable grant ranging between EUR 50,000-200,000.

Pre-acceleration programme: will provide support to 120 (60 in each region) less mature pre-seed ventures, encompassing technical assistance (capacity building, mentoring, networking, etc.) and financial assistance (in the form of a grant to each climate venture of up to EUR 15,000)
