## Project Description

As stated by the GCF, the Blue Green Bank will bring together public, private, and multilateral institutions to ensure that green financing for adaptation and mitigation projects becomes and remains available to the local population. The bank will deliver funds, guarantees, and other financial products to support the existing financial ecosystem of banks, credit unions, and insurance companies that facilitate the funding of blue/green climate-responsive programs- in alignment with Barbados's Nationally Determined Contributions and development plans.

---

## Investment Description

- Green Climate Fund (GCF)

---

### Private Actors Description

As stated by the GCF, Pegasus Capital Advisors is an organisation headquartered in the United States of America that operates internationally. The applicant provides strategic growth capital to middle-market companies operating in the sustainability and wellness sectors and focuses its investment on investments within both the sustainability sector, such as renewable energy, waste and recycling, and agriculture amongst others.
