Moldova Green Shield: Enhancing Resilience through Ecosystem-based Adaptation

Project Description

Accordfing to the Green Climate Fund disclosure statement, The project will restore ecosystems across the nine rural districts of the Southern Development Region. It will strengthen national and local institutions, planning tools and environmental monitoring, and finance the restoration of forests, shelterbelts, riparian systems, wetlands and silvopastoral land. Local communities, including women and vulnerable groups, will take on stewardship of restored sites and develop climate-resilient livelihoods that keep them maintained. Geospatial and hydrological modelling and early warning systems will guide where and how restoration takes place.

ACCOUNTABILITY MECHANISM OF GREEN CLIMATE FUND

The Independent Redress Mechanism (IRM) addresses complaints by people who believe they are negatively affected or may be affected by projects or programmes funded by the Green Climate Fund (GCF). The complainant can raise issues related to any of GCF's policies and procedures, including those relating to social and environmental issues, indigenous peoples, gender, and information disclosure, among others. If you submit a complaint to the IRM, it may seek to address the issues raised by facilitating problem solving or conducting a compliance process. You can learn more about the Independent Redress Mechanism and how to file a complaint at https://irm.greenclimate.fund/.

You can access a video about the IRM (English) at: https://youtu.be/1LanbriVhfs.

A brochure about the IRM can be accessed in English, French, Spanish, Portuguese, Arabic, Mandarin, Mongolian, Vietnamese, Russian, Ukrainian, Korean, German, and Kiswahili at: https://irm.greenclimate.fund/.
