Extended Community Climate Change Project-Flood (ECCCP-Flood)

GCF-SAP008

Quick Facts

Countries	Bangladesh
Financial Institutions	Green Climate Fund (GCF)
Status	Approved
Bank Risk Rating	C
Voting Date	2019-11-14
Borrower	Palli Karma-Sahayak Foundation
Sectors	Climate and Environment
Investment Type(s)	Grant
Investment Amount (USD)	$ 9.70 million
Project Cost (USD)	$ 13.33 million

Project Description

According to bank documents, the project aims to "increase resilience of the climate vulnerable community in flood prone areas of Bangladesh. This will be achieved through four outcomes i.e. (1) Institutions (Implementing Entities) and community groups strengthened capacity on addressing climate change, (2) Protection of homestead from adverse effect of flood, (3) Increased access to safe water and sanitation and (4) Access to flood resilient livelihood.

Under outcome 1, the project will enhance capacity of 10 organizations (IEs) to implement climate change adaptation projects at community level. It will also increase capacity of 90,000beneficiaries in the flood vulnerable areas on climate change vulnerabilities and impacts through class room training, meetings and group exercises. The project will produce and document lessons and share these lessons in different levels of stakeholders. The project will also generate information and knowledge on effective implementation of community based adaptation projects through GIS and result based monitoring system.

Under outcome 2, the project will raise plinth of 45,000 vulnerable people in cluster basis with alluvial sand above flood level in the riverine char land of Brahmaputra and Teesta river. The project will also facilitate the plinth dwellers to cultivate vegetables and plant trees round the year on the raised plinth.

Under outcome 3, the project will install 500 flood resilient shallow tube wells for safe drinking water and 2810 sanitary latrines for hygiene. Necessary awareness sessions on health and hygiene will be conducted in the monthly group meetings of CCAGs.

Under outcome 4,the project will enhance resilience of livelihoods of 45,000 beneficiaries against flood. The project will have both grant and loan financing. GCF will provide grant support whereas PKSF will provide both loan and grant (in kind) support. This is mainly because, the project will be implemented in remote climate vulnerable areas. In many cases, the government waves loan of the vulnerable community particularly due to affected by natural disasters including flood. That means, providing loan to the vulnerable community is very risky investment and difficult to recover the loan. That’s why, the project does not propose loan from GCF."

Investment Description

- Green Climate Fund (GCF)

Co-financing:

- Palli Karma-Sahayak Foundation USD 3.3 million (Loan)
- Palli Karma-Sahayak Foundation USD 0.344 million

ACCESS TO INFORMATION

Requests for project information may be submitted using the IDP Request for Information by email to: disclosure@gcfund.org.

You can also submit an information request using this online form: https://www.greenclimate.fund/about/disclosure/form. Additionally, if information requested is denied, an appeal can be filed to the Information Appeals Panel: iap@gcfund.org. You can learn more about the Information Appeals Panel at: https://www.greenclimate.fund/about/disclosure/appeals.

ACCOUNTABILITY MECHANISM OF GREEN CLIMATE FUND

The Independent Redress Mechanism (IRM) addresses complaints by people who believe they are negatively affected or may be affected by projects or programmes funded by the Green Climate Fund (GCF). The complainant can raise issues related to any of GCF's policies and procedures, including those relating to social and environmental issues, indigenous peoples, gender, and information disclosure, among others. If you submit a complaint to the IRM, it may seek to address the issues raised by facilitating problem solving or conducting a compliance process. You can learn more about the Independent Redress Mechanism and how to file a complaint at https://irm.greenclimate.fund/.

You can access a video about the IRM (English) at: https://youtu.be/1LanbriVhfs.

A brochure about the IRM can be accessed in English, French, Spanish, Portuguese, Arabic, Mandarin, Mongolian, Vietnamese, Russian, Ukrainian, Korean, German, and Kiswahili at: https://irm.greenclimate.fund/.
