Project Description

According to the GCF, this project aims to build resilience to climate variability and change in Dominica's vulnerable communities by implementing responsive adaptation measures. Specifically, the project will support the adoption of climate-resilient agricultural techniques and technologies, retrofit critical disaster management infrastructure, and strengthen Early Warning Systems (EWS). These will be complemented by enhancing public awareness and training for farmers and other key stakeholders and developing a climate-resilient knowledge hub that will facilitate the generation of improved projects in the future.

ACCOUNTABILITY MECHANISM OF GREEN CLIMATE FUND

The Independent Redress Mechanism (IRM) addresses complaints by people who believe they are negatively affected or may be affected by projects or programmes funded by the Green Climate Fund (GCF). The complainant can raise issues related to any of GCF's policies and procedures, including those relating to social and environmental issues, indigenous peoples, gender, and information disclosure, among others. If you submit a complaint to the IRM, it may seek to address the issues raised by facilitating [problem solving or conducting a compliance process](#). You can learn more about the Independent Redress Mechanism and how to file a complaint at <https://irm.greenclimate.fund/>.

You can access a video about the IRM (English) at: <https://youtu.be/1LanbriVhfs>.

A brochure about the IRM can be accessed in English, French, Spanish, Portuguese, Arabic, Mandarin, Mongolian, Vietnamese, Russian, Ukrainian, Korean, German, and Kiswahili at: <https://irm.greenclimate.fund/>.
