| Investment Amount (USD) | \$ 470.00 million |
| Project Cost (USD) | \$ 595.84 million |

Project Description

The overall objective of this project is to help reduce morbidity and mortality from COVID-19 and mitigate the other indirect health effects of the pandemic. The project will have four specific objectives: (i) Strengthen the response response at the country level; (ii) Improve the detection and monitoring of cases; (iii) Support efforts to interrupt the chain of transmission of the disease; and (iv) Improve the capacity to provide services.
