---

## **Project Description**

According to the Bank's website, the objective of the program is to contribute to the increase in exports from the Knowledge Economy (EDC) sectors. The specific objectives are: (i) strengthen the formation of human capital required by the EDC sectors; (ii) increase collaboration between the technological scientific system and the productive sector in technologies based on Artificial Intelligence (AI); and (iii) contribute to the internationalization of companies in the EDC sectors.

No contact information provided at the time of disclosure.

### ACCOUNTABILITY MECHANISM OF IADB

The Independent Consultation and Investigation Mechanism (MICI) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an Inter-American Development Bank (IDB) or Inter-American Investment Corporation (IIC)-funded project. If you submit a complaint to MICI, they may assist you in addressing the problems you raised through a dispute-resolution process with those implementing the project and/or through an investigation to assess whether the IDB or IIC is following its own policies for preventing or mitigating harm to people or the environment. You can submit a complaint by sending an email to [MICI@iadb.org](mailto:MICI@iadb.org). You can learn more about the MICI and how to file a complaint at <http://www.iadb.org/en/mici/mici,1752.html> (in English) or <http://www.iadb.org/es/mici/mici,1752.html> (Spanish).
