Project Description

Strengthen the ability of the Support the DNIP in its institutional strengthening to improve the efficiency of public investment in Argentina. The strengthening will take place in parallel in the revision and improvement of the macro-processes of public investment, and in the use of digital platforms of last generation to facilitate the prioritization of projects. Additionally, this TC aims to accompany the authorities in the process of designing and implementing the reforms included in the Program to Strengthen Growth (AR-L1283), currently under preparation. This Program seeks, among other specific objectives, to improve the efficiency of the public investment process as a mechanism to increase economic growth, and this TC is instrumental in the implementation of policies that achieve this objective. National investment Unit to prioritize investments and perform ex post monitoring

Investment Description

- Inter-American Development Bank (IADB)

ACCOUNTABILITY MECHANISM OF IADB

The Independent Consultation and Investigation Mechanism (MICI) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an Inter-American Development Bank (IDB) or Inter-American Investment Corporation (IIC)-funded project. If you submit a complaint to MICI, they may assist you in addressing the problems you raised through a dispute-resolution process with those implementing the project and/or through an investigation to assess whether the IDB or IIC is following its own policies for preventing or mitigating harm to people or the environment. You can submit a complaint by sending an email to MICI@iadb.org. You can learn more about the MICI and how to file a complaint at <http://www.iadb.org/en/mici/mici,1752.html> (in English) or <http://www.iadb.org/es/mici/mici,1752.html> (Spanish).
