### Project Description

According to the bank, this TC (technical cooperation) would aim to analyze the situation of drinking water and sanitation systems in the Metropolitan Area of the City of Buenos Aires and the Buenos Aires Conurbation operated by AYSA and evaluate alternatives for the reduction of Non-Revenue water, to improve the energy efficiency of systems and renewable energy alternatives.

## Investment Description

- Inter-American Development Bank (IADB)

The bank did not provide information about the investment type at the time of publication of this snapshot.

### Contact Information

#### ACCOUNTABILITY MECHANISM OF IADB

The Independent Consultation and Investigation Mechanism (MICI) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an Inter-American Development Bank (IDB) or Inter-American Investment Corporation (IIC)-funded project. If you submit a complaint to MICI, they may assist you in addressing the problems you raised through a dispute-resolution process with those implementing the project and/or through an investigation to assess whether the IDB or IIC is following its own policies for preventing or mitigating harm to people or the environment. You can submit a complaint by sending an email to [MICI@iadb.org](mailto:MICI@iadb.org). You can learn more about the MICI and how to file a complaint at <http://www.iadb.org/en/mici/mici,1752.html> (in English) or <http://www.iadb.org/es/mici/mici,1752.html> (Spanish).
