IADB-AR-T1258

Support to government communities of practice for an integrated response to COVID-19

Project Description

According to the Bank's website, the objective of this operation is to support the consolidation and/or the establishment of communities of practices to foster collaboration and knowledge exchange among countries and subnational governments to identify, adapt, and scale-up best practices to improve critical pillars of the response to COVID-19, with the aim of improving current practices, facilitating the adoption of promising initiatives, promoting a more integrated response, and reducing the fragmentation amongst different states, provinces, and municipalities.

ACCOUNTABILITY MECHANISM OF IADB

The Independent Consultation and Investigation Mechanism (MICI) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an Inter-American Development Bank (IDB) or Inter-American Investment Corporation (IIC)-funded project. If you submit a complaint to MICI, they may assist you in addressing the problems you raised through a dispute-resolution process with those implementing the project and/or through an investigation to assess whether the IDB or IIC is following its own policies for preventing or mitigating harm to people or the environment. You can submit a complaint by sending an email to MICI@iadb.org. You can learn more about the MICI and how to file a complaint at http://www.iadb.org/en/mici/mici,1752.html (in English) or http://www.iadb.org/es/mici/mici,1752.html (Spanish).
