Project Description

According to the Bank’s website, the general objective of the Technical Cooperation (TC) is to design a ten-year strategic plan that will allow all state-run primary schools in Argentina to have a full school day. As specific objectives, the TC seeks to: (i) prepare a diagnosis to identify the infrastructure problems that limit the extension of the school day beyond 25 hours per week; (ii) prepare a comprehensive plan that considers the requirements of school infrastructure (including demographic and urban aspects), teaching staff and school food services at the jurisdictional level.

ACCOUNTABILITY MECHANISM OF IADB

The Independent Consultation and Investigation Mechanism (MICI) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an Inter-American Development Bank (IDB) or Inter-American Investment Corporation (IIC)-funded project. If you submit a complaint to MICI, they may assist you in addressing the problems you raised through a dispute-resolution process with those implementing the project and/or through an investigation to assess whether the IDB or IIC is following its own policies for preventing or mitigating harm to people or the environment. You can submit a complaint by sending an email to MICI@iadb.org. You can learn more about the MICI and how to file a complaint at http://www.iadb.org/en/mici/mici,1752.html (in English) or http://www.iadb.org/es/mici/mici,1752.html (Spanish).
