Project Description

According to the Bank's website, the objective of the TC is to strengthen the capacities of the Government of Argentina (GoAR) to manage disaster risk management through the diagnosis, technical knowledge transfer and design of priority public investment projects, in accordance with the country's recently enacted Disaster Risk Management (DRM) law: National System for Integrated Disaster Risk Management and Civil Protection (SINAGIR, Law 27.287).

Investment Description

- Inter-American Development Bank (IADB)

Contact Information

ACCOUNTABILITY MECHANISM OF IADB

The Independent Consultation and Investigation Mechanism (MICI) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an Inter-American Development Bank (IDB) or Inter-American Investment Corporation (IIC)-funded project. If you submit a complaint to MICI, they may assist you in addressing the problems you raised through a dispute-resolution process with those implementing the project and/or through an investigation to assess whether the IDB or IIC is following its own policies for preventing or mitigating harm to people or the environment. You can submit a complaint by sending an email to MICI@iadb.org. You can learn more about the MICI and how to file a complaint at <http://www.iadb.org/en/mici/mici,1752.html> (in English) or <http://www.iadb.org/es/mici/mici,1752.html> (Spanish).
