Support for the energy subsidy targeting program with protection for vulnerable households

Project Description

This TC has as its main objective to provide operational support for the preparation and implementation of the associated loan program. Its specific objectives are: (i) capacity building for the preparation, execution, and evaluation of the program's results; (ii) strengthening institutional, regulatory, and planning capacities to ensure the sustainability of the energy sector; and (iii) knowledge dissemination and exchange.

Support for the energy subsidy targeting program with protection for vulnerable households

Investment Description

- Inter-American Development Bank (IADB)

ACCOUNTABILITY MECHANISM OF IADB

The Independent Consultation and Investigation Mechanism (MICI) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an Inter-American Development Bank (IDB) or Inter-American Investment Corporation (IIC)-funded project. If you submit a complaint to MICI, they may assist you in addressing the problems you raised through a dispute-resolution process with those implementing the project and/or through an investigation to assess whether the IDB or IIC is following its own policies for preventing or mitigating harm to people or the environment. You can submit a complaint by sending an email to MICI@iadb.org. You can learn more about the MICI and how to file a complaint at http://www.iadb.org/en/mici/mici,1752.html (in English) or http://www.iadb.org/es/mici/mici,1752.html (Spanish).
