Project Description

According to the IADB, the overall objective of this TC is to provide operational support for urban development in Argentina and its provinces, strengthening project preparation and execution at both the federal and provincial levels. This will help advance the Urban Revitalization and Habitat Improvement Program (AR-O0032) and its associated individual operations by enhancing the provinces' capacity to prepare and implement projects, while providing strategic technical assistance for the modernization of asset management and urban development at the federal level.

ACCOUNTABILITY MECHANISM OF IADB

The Independent Consultation and Investigation Mechanism (MICI) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an Inter-American Development Bank (IDB) or Inter-American Investment Corporation (IIC)-funded project. If you submit a complaint to MICI, they may assist you in addressing the problems you raised through a dispute-resolution process with those implementing the project and/or through an investigation to assess whether the IDB or IIC is following its own policies for preventing or mitigating harm to people or the environment. You can submit a complaint by sending an email to MICI@iadb.org. You can learn more about the MICI and how to file a complaint at http://www.iadb.org/en/mici/mici,1752.html (in English) or http://www.iadb.org/es/mici/mici,1752.html (Spanish).
