| Sectors | Energy, Technical Cooperation |
| Investment Type(s) | Grant |
| Investment Amount (USD) | \$ 0.55 million |
| Project Cost (USD) | \$ 0.55 million |

Project Description

The main objective of this Technical Cooperation (TC) is to assist the Government of Barbados in transitioning its energy sector to achieve its goals by financing a wide range of studies and activities directly linked to the implementation plan of the Barbados National Energy Policy 2019-2030 (BNEP). The specific objectives are: (i) provide the Ministry of Energy and Water Resources (MEWR) with analytical tools to strengthen decision-making processes; (ii) to support the implementation of the BNEP; and (iii) to promote the appropriation and generation of knowledge on planning tools, smart technologies and dissemination activities.

ACCOUNTABILITY MECHANISM OF IADB

The Independent Consultation and Investigation Mechanism (MICI) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an Inter-American Development Bank (IDB) or Inter-American Investment Corporation (IIC)-funded project. If you submit a complaint to MICI, they may assist you in addressing the problems you raised through a dispute-resolution process with those implementing the project and/or through an investigation to assess whether the IDB or IIC is following its own policies for preventing or mitigating harm to people or the environment. You can submit a complaint by sending an email to MICI@iadb.org. You can learn more about the MICI and how to file a complaint at <http://www.iadb.org/en/mici/mici,1752.html> (in English) or <http://www.iadb.org/es/mici/mici,1752.html> (Spanish).
