### **Project Description**

Support the government of Barbados in the diagnostic of the scope and quality of the project studies through the implementation of the methodology developed by the Global Infrastructure Facility (GIF) named Project Readiness Assessment. The PRA assess the project in the following dimensions: i) technical solution, ii) commercial structure, iii) affordability, iv) governance, v) regulatory environment, and vi) social & environmental. The PRA outputs will allow the government to assess which gaps have to be close to allow the project to be ready for a successful bidding and implementation process.

#### ACCOUNTABILITY MECHANISM OF IADB

The Independent Consultation and Investigation Mechanism (MICI) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an Inter-American Development Bank (IDB) or Inter-American Investment Corporation (IIC)-funded project. If you submit a complaint to MICI, they may assist you in addressing the problems you raised through a dispute-resolution process with those implementing the project and/or through an investigation to assess whether the IDB or IIC is following its own policies for preventing or mitigating harm to people or the environment. You can submit a complaint by sending an email to [MICI@iadb.org](mailto:MICI@iadb.org). You can learn more about the MICI and how to file a complaint at <http://www.iadb.org/en/mici/mici,1752.html> (in English) or <http://www.iadb.org/es/mici/mici,1752.html> (Spanish).
