Reconstruction with Resilience in the Energy Sector in The Bahamas

IADB-BH-G0003

Quick Facts

Countries	Bahamas
Financial Institutions	Inter-American Development Bank (IADB)
Status	Proposed
Bank Risk Rating	B
Borrower	Government of Bahamas
Sectors	Energy, Infrastructure
Investment Type(s)	Grant
Investment Amount (USD)	$ 9.01 million
Project Cost (USD)	$ 9.01 million

Project Description

The objective of this grant is to support the GoBH with the rehabilitation of critical energy infrastructure and restoration of electricity service in targeted islands heavily affected by hurricane Dorian, while facilitating the integration of variable RE. The specific objectives of the EU-CIF grant are to: (i) promote the adoption of solar Photovoltaic (PV) technologies in New Providence and Family Islands; and (ii) develop local skills for installation, maintenance and other services related to solar PV generation systems.

Investment Description

- Inter-American Development Bank (IADB)

ACCOUNTABILITY MECHANISM OF IADB

The Independent Consultation and Investigation Mechanism (MICI) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an Inter-American Development Bank (IDB) or Inter-American Investment Corporation (IIC)-funded project. If you submit a complaint to MICI, they may assist you in addressing the problems you raised through a dispute-resolution process with those implementing the project and/or through an investigation to assess whether the IDB or IIC is following its own policies for preventing or mitigating harm to people or the environment. You can submit a complaint by sending an email to MICI@iadb.org. You can learn more about the MICI and how to file a complaint at http://www.iadb.org/en/mici/mici,1752.html (in English) or http://www.iadb.org/es/mici/mici,1752.html (Spanish).
