Program to support the Health Sector to Contain and Control Coronavirus and to Mitigate its effects in Service Provision

Project Description

The general objective of this project is to help reduce the morbidity and mortality caused by COVID-19 and to mitigate other indirect impacts of the pandemic on health. The specific objectives of the program are: (i) to strengthen response leadership at the country level; (ii) to improve case detection and monitoring; (iii) to support initiatives to break the chain of transmission of the illness; and (iv) to improve service delivery capacity.

Investment Description

- Inter-American Development Bank (IADB)

Contact Information

ACCOUNTABILITY MECHANISM OF IADB

The Independent Consultation and Investigation Mechanism (MICI) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an Inter-American Development Bank (IDB) or Inter-American Investment Corporation (IIC)-funded project. If you submit a complaint to MICI, they may assist you in addressing the problems you raised through a dispute-resolution process with those implementing the project and/or through an investigation to assess whether the IDB or IIC is following its own policies for preventing or mitigating harm to people or the environment. You can submit a complaint by sending an email to MICI@iadb.org. You can learn more about the MICI and how to file a complaint at http://www.iadb.org/en/mici/mici,1752.html (in English) or http://www.iadb.org/es/mici/mici,1752.html (Spanish).
