Voting Date	2016-03-08
Borrower	Ministry of Transport and Aviation
Sectors	Transport
Investment Type(s)	Grant
Investment Amount (USD)	$ 0.50 million
Project Cost (USD)	$ 0.53 million

Project Description

The objective of this Technical Cooperation project is to provide technical support to the Ministry of Transport and Aviation to operationalize and evaluate a demonstration Pilot Project of the proposed Unified Bus System. The results of this demonstration project would provide critical inputs to the Government's future decision on an island-wide role out of the bus unification system in the island of New Providence.

Investment Description

- Inter-American Development Bank (IADB)

The total estimated cost of the technical cooperation is US$530,000 of which up to the amount of US$500,000 will be financed by the IADB's Italian Fund for technical cooperation projects on a non-reimbursable basis and US$30,000 by the government of the Bahamas by means of an in-kind contribution. The Italian donor has authorized a decrease from 50% to 15% of the tied clause of the fund.

ACCOUNTABILITY MECHANISM OF IADB

The Independent Consultation and Investigation Mechanism (MICI) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an Inter-American Development Bank (IDB) or Inter-American Investment Corporation (IIC)-funded project. If you submit a complaint to MICI, they may assist you in addressing the problems you raised through a dispute-resolution process with those implementing the project and/or through an investigation to assess whether the IDB or IIC is following its own policies for preventing or mitigating harm to people or the environment. You can submit a complaint by sending an email to MICI@iadb.org. You can learn more about the MICI and how to file a complaint at http://www.iadb.org/en/mici/mici,1752.html (in English) or http://www.iadb.org/es/mici/mici,1752.html (Spanish).
