Project Cost (USD)	\$ 0.12 million

Project Description

According to the IADB, the objective of this technical cooperation is to support the Government of The Bahamas with updating and implementation of the draft national development plan with a clear, long-term vision for the economy, environment, and society. The specific objectives are to strengthen governance frameworks through institutional strengthening and capacity building and conduct sectoral studies for social development planning at a national level, and to develop monitoring and evaluation frameworks for the National Development Plan based on data and knowledge.

Investment Description

- Inter-American Development Bank (IADB)

ACCOUNTABILITY MECHANISM OF IADB

The Independent Consultation and Investigation Mechanism (MICI) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an Inter-American Development Bank (IDB) or Inter-American Investment Corporation (IIC)-funded project. If you submit a complaint to MICI, they may assist you in addressing the problems you raised through a dispute-resolution process with those implementing the project and/or through an investigation to assess whether the IDB or IIC is following its own policies for preventing or mitigating harm to people or the environment. You can submit a complaint by sending an email to MICI@iadb.org. You can learn more about the MICI and how to file a complaint at <http://www.iadb.org/en/mici/mici,1752.html> (in English) or <http://www.iadb.org/es/mici/mici,1752.html> (Spanish).
