Skills to Access the Green Economy through TVET in Belize and the Caribbean

#### **Project Description**

The objective of the proposed Technical Cooperation is to provide technical assistance to the Ministry of Education, Youth, Sports and Culture to close the skills gap in renewable energies in Belize by upgrading traditional TVET from the current basic trades training to offering advanced training in this area. The specific objectives are to: (i) create and pilot a renewable energy program at the Belize City ITVET; and (ii) promote Belize as a regional laboratory for innovation in training methodologies for renewable energy professionals in the English-speaking Caribbean.

#### ACCOUNTABILITY MECHANISM OF IADB

The Independent Consultation and Investigation Mechanism (MICI) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an Inter-American Development Bank (IDB) or Inter-American Investment Corporation (IIC)-funded project. If you submit a complaint to MICI, they may assist you in addressing the problems you raised through a dispute-resolution process with those implementing the project and/or through an investigation to assess whether the IDB or IIC is following its own policies for preventing or mitigating harm to people or the environment. You can submit a complaint by sending an email to MICI@iadb.org. You can learn more about the MICI and how to file a complaint at http://www.iadb.org/en/mici/mici,1752.html (in English) or http://www.iadb.org/es/mici/mici,1752.html (Spanish).
