Project Description

This TC will provide operational support to the implementation of the Program to Support the Health Sector to Contain and Control Coronavirus and to mitigate its effect on service provision" (BL-L1036). In specific, the TC will aim to support Belize's Health Sector in operationalizing and monitoring the implementation of the National COVID-19 Vaccine Deployment Plan in terms of strategic planning and evaluation, and complementing risk communication activities for vaccine take-up.

Investment Description

- Inter-American Development Bank (IADB)

ACCOUNTABILITY MECHANISM OF IADB

The Independent Consultation and Investigation Mechanism (MICI) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an Inter-American Development Bank (IDB) or Inter-American Investment Corporation (IIC)-funded project. If you submit a complaint to MICI, they may assist you in addressing the problems you raised through a dispute-resolution process with those implementing the project and/or through an investigation to assess whether the IDB or IIC is following its own policies for preventing or mitigating harm to people or the environment. You can submit a complaint by sending an email to MICI@iadb.org. You can learn more about the MICI and how to file a complaint at <http://www.iadb.org/en/mici/mici,1752.html> (in English) or <http://www.iadb.org/es/mici/mici,1752.html> (Spanish).
