Knowledge Exchange on Bioremediation Technologies

## Quick Facts

Countries	Belize
Financial Institutions	Inter-American Development Bank (IADB)
Status	Proposed
Bank Risk Rating	C
Borrower	Government of Belize
Sectors	Technical Cooperation, Water and Sanitation
Investment Type(s)	Grant
Investment Amount (USD)	\$ 0.02 million

---

### Project Description

According to the Bank's website, the objective of this technical cooperation is to facilitate knowledge exchange between the Belize's Social Investment Fund (BSIF) and the Department of Environment (DOE), and Colombia's Autonomous Regional Corporation for Cundinamarca and the Autonomous Regional Corporation for the Atlantic. Specifically, this TC will support BSIF and DOE to learn about different bioremediation projects and technologies deployed both departments, obtain firsthand knowledge on how these technologies have contributed to reduced pollution in different types of water bodies and learn about the pros and cons of these technologies and systematize lessons learned from the Environmental Agency.

### ACCOUNTABILITY MECHANISM OF IADB

The Independent Consultation and Investigation Mechanism (MICI) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an Inter-American Development Bank (IDB) or Inter-American Investment Corporation (IIC)-funded project. If you submit a complaint to MICI, they may assist you in addressing the problems you raised through a dispute-resolution process with those implementing the project and/or through an investigation to assess whether the IDB or IIC is following its own policies for preventing or mitigating harm to people or the environment. You can submit a complaint by sending an email to [MICI@iadb.org](mailto:MICI@iadb.org). You can learn more about the MICI and how to file a complaint at <http://www.iadb.org/en/mici/mici,1752.html> (in English) or <http://www.iadb.org/es/mici/mici,1752.html> (Spanish).
