Investment Amount (USD)	$ 2.02 million
Project Cost (USD)	$ 2.02 million

Project Description

According to the IADB, the general objective of this TC is to promote Belize's trade integration. The specific objective is to expand the scope of Components 2 and 3 of the Program BL-L1040 by including: (i) the development of an Export Young Professional Program, (ii) the inclusion of two new modules in the Electronic Single Window (ESW) to further contribute in the automation, simplification and standardization of import-export process which will reduce cargo clearance time and costs; and (iii) the improvement of the regulatory framework and procedures for commercial and regional integration, through support to the implementation of Trade Agreements, Integrated Border Management studies; and capacity building to Belizean officials.

Investment Description

- Inter-American Development Bank (IADB)

ACCOUNTABILITY MECHANISM OF IADB

The Independent Consultation and Investigation Mechanism (MICI) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an Inter-American Development Bank (IDB) or Inter-American Investment Corporation (IIC)-funded project. If you submit a complaint to MICI, they may assist you in addressing the problems you raised through a dispute-resolution process with those implementing the project and/or through an investigation to assess whether the IDB or IIC is following its own policies for preventing or mitigating harm to people or the environment. You can submit a complaint by sending an email to MICI@iadb.org. You can learn more about the MICI and how to file a complaint at http://www.iadb.org/en/mici/mici,1752.html (in English) or http://www.iadb.org/es/mici/mici,1752.html (Spanish).
