Project Description

According to the IADB, the general objective of this TC is to strengthen operational capacities for the implementation of the IDB's Trade and Investment Facilitation Program in Belize (BL-L1040). The specific objectives are to: (i) provide technical support for the development of a modern foreign trade ecosystem and enhance regional trade integration; and (ii) strengthen institutional dialogue and institutional capacities in trade and investment. These activities will support the implementation of the Program (BL- L1040) to achieve the objective of improving Belize's trade and investment performance.

ACCOUNTABILITY MECHANISM OF IADB

The Independent Consultation and Investigation Mechanism (MICI) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an Inter-American Development Bank (IDB) or Inter-American Investment Corporation (IIC)-funded project. If you submit a complaint to MICI, they may assist you in addressing the problems you raised through a dispute-resolution process with those implementing the project and/or through an investigation to assess whether the IDB or IIC is following its own policies for preventing or mitigating harm to people or the environment. You can submit a complaint by sending an email to MICI@iadb.org. You can learn more about the MICI and how to file a complaint at <http://www.iadb.org/en/mici/mici,1752.html> (in English) or <http://www.iadb.org/es/mici/mici,1752.html> (Spanish).
