Project Description

According to the IADB, the general objective of this Technical Cooperation (TC) is to support the strengthening of the DFC's institutional framework, operational conditions, and coordination mechanisms required to enable the effective implementation of a GF for MSMEs in Belize. Therefore, the specific objectives of this TC are: (i) to strengthen DFC's internal capabilities for the governance, institutional management, and operational implementation of the GF, and (ii) to support the development of strategies and capacities for the external management of the GF, including engagement with FIs and the enabling conditions for its effective uptake.

Investment Description

- Inter-American Development Bank (IADB)

ACCOUNTABILITY MECHANISM OF IADB

The Independent Consultation and Investigation Mechanism (MICI) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an Inter-American Development Bank (IDB) or Inter-American Investment Corporation (IIC)-funded project. If you submit a complaint to MICI, they may assist you in addressing the problems you raised through a dispute-resolution process with those implementing the project and/or through an investigation to assess whether the IDB or IIC is following its own policies for preventing or mitigating harm to people or the environment. You can submit a complaint by sending an email to MICI@iadb.org. You can learn more about the MICI and how to file a complaint at http://www.iadb.org/en/mici/mici,1752.html (in English) or http://www.iadb.org/es/mici/mici,1752.html (Spanish).
